

The Artist Perspective in the Neighborhood

By Josh Blac

With the big changes happening in NE on many levels from the new development, lots of new businesses moving in, parking issues, to changes in habits of the community. In every meeting I have attended residences talk about the same issues and challenges. But we are not always talking as one as of yet. The collective unconscious needs to become more conscious.

Artists are a big part of NE. Most of us have lots of opinions of what we want the community to aspire too. But to make those ideas come to fruition we need to be more involved with the neighborhood groups. Neighborhood groups have been some of the most supportive organizations of artists since the beginning of the Artists moving to NE. Please take a moment to consider attending their meetings and joining their boards or committees. Below are the contacts for each neighborhood.
