Issue: 365 Special Edition

Greetings!

Art happens every day in the Northeast Minneapolis Arts District. We all know it but the public and travelers do not. Hundreds of thousands of people visit Minneapolis every year. [Meet Minneapolis](#) brings conventions to Minneapolis and wants to send travelers to the Northeast Minneapolis Arts District. So do many other entities. But they need studios to be open to promote us with bus tours and individual tours, [District 365](#) has been developed to make that a reality and serve our local population as well; folks who are overwhelmed by the big events and want more intimate experiences.

We need you to be an early adopter.

Ashley Mary

District 365 does more than answer the criticism "I went to your building but couldn't find anyone open." It underscores that art is valuable work. It gives artist colleagues an opportunity to visit you without the bedlam or expectations of the major open studio events, and for you to visit them on their open day.

It is always a gamble to join something you believe before it is proven. That is the story of Northeast for almost everything. Art-A-Whirl® only had 30 artist the first year. Now it is over 800. First Thursday's is a staple of the Arts District experience. Northeast is the community that could get it done.

Three Main Goals of Arts District Planning

1. Continue to discuss who we are as a community.
2. Continue to define the vision of the next 10 to 15 years, in order to drive the decision making.
3. Start a framework on how we can finance the goals of the district. This goal is only possible to discuss if the other two goals can be met.
